## REISTERSTOWN JAZZ ENSEMBLE!

We are an organization of fine professional musicians from the Baltimore area who enjoy playing jazz music together. Since 1992, we have played in many different kinds of venues and at many different events, including fundraisers, weddings, town concerts, etc. Our goal is not only perform for these events, but to **promote the education and preservation of jazz music.**

We write and play our own arrangements in addition to playing classic compositions from each era of jazz music from the great jazz artists. Whether it's Count Basie, Benny Goodman, or Duke Ellington; Frank Sinatra or Dean Martin; or more modern artists like George Benson or Al Jarreau, we strive for excellence in any setlist we program. With styles varying among swing, Latin, rock, pop, fusion, and a mix of many others, **we are absolutely versatile.**

We can tailor a program to suit any formal or casual situation. Whether it's for a:

wedding	jazz festival	stage concert
rock concert	swing dance	town concert
birthday	funeral	bar mitzvah
anniversary	or more...	

We are known as “**a band for all occasions**”—our 20 piece band was formed to provide an innovative, big band sound that will suit all your entertainment needs.

Let our trumpets, trombones, saxes, rhythm, and vocals form that **mesmerizing sound that will knock your socks off** and make your event something to be remembered!

### HISTORY OF THE RJE

In 1992, the first two rehearsals were held in the director's parents' living room. He actually paid his parents to leave the house for the evening so the band would have a place to rehearse!

Times have definitely changed since then, and the band has grown from the original seven to over 20 members! We now rehearse in the basement of the Trinity Lutheran Church in Reisterstown. If you would like to hear us play before booking a performance, **you are more than welcome to attend a rehearsal.**

Each member of the group is **dedicated to making the band the best it can be** and growing as an individual musician. The enthusiasm heard in RJE's performances is a direct reflection of the attitudes of the players. We are constantly **growing and exploring musically** every time we get together.

### BOOKINGS AND PERFORMANCES

The Reisterstown Jazz Ensemble **would love the chance to share our music with you** for your next event! We are available to perform on weekends and occasional weekday evenings. We handle our own sound equipment, music stands, and lights.
